Attention Certificate of Corrections

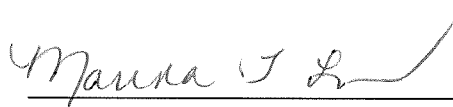

Sir:

Enclosed is a request for Certificate of Correction regarding the above-referenced US Patent. The Certificate of Correction is necessary because there is a clerical error in claim 20.

The claims were amended in an Examiner's amendment in the original Notice of Allowance dated December 9, 2010. On page 5 under the Notice of Allowability Claim 68 (granted as claim 20) was amended by the Examiner. Under the claims in column 30 lines 63 and 64 of the patent, "polypeptide is selected" should be "polypeptide selected".

No fee is believed due with this submission since the error was made by the USPTO.

Respectfully,

A handwritten signature in cursive script, appearing to read "Marina T. Larson", is written above a horizontal line.
